

Notice: Canadian First Aid Training

The Canadian Red Cross takes the health and safety of our personnel and the individuals we serve very seriously. Our top priority is always to ensure that we create safe environments in every respect, and this includes through our Training Partners and Instructors.

Canadian Red Cross is aware that in person course cancellations due to COVID-19 precautionary measures and closures will have an impact on those requiring to maintain their certifications. Red Cross has worked with workplace health and safety regulators to offer support to those who have certifications that will expire in the next months.

All Red Cross first aid certifications (which would have expired March through June 30, 2020) will be considered valid 90-days beyond their expiry date. These certifications will also be accepted for those taking recertification courses when in-person training resumes.

Additional Support Tools and Information

The Canadian Red Cross First Aid App available for IOS and Android is fully updated with information on COVID-19 coronavirus (Novel Coronavirus). [Redcross.ca/apps](https://redcross.ca/apps)

Our [handwashing poster](#) can be printed and posted in key areas around your facility.

For the latest information please check with local public health authorities. To find updated facts and statistics surrounding the virus, please use trusted government and United Nations agencies such as the [World Health Organization](#) and the [Public Health Agency of Canada](#).
